

3D MISSION YEAR

1. Discovery:
Neighborhoods are marvelous places, filled with good things and good people; Discovering capacities and gifts in individuals and neighborhoods that can be harnessed for the common good, for higher purposes is a great experience;

2. Internships are a journey in Discernment; Who am I? What are my gifts? How do I respond to poverty in a way

that honors God and moves individuals, communities and power systems beyond poverty?

3. This internship year is about learning Development, specifically Asset Based Community Development. It is also about developing an Intern's skills and vocational development.

3D

Discover
Discern
Develop

Mission Year: This is a year of mission and GLU believes that mission is a reciprocal activity in which God shapes the Intern through his/her service with a community.

URBAN 3D
MISSION
YEAR

Spend a year **LEARNING & DOING**
Christian Community Development

Training

- Included in formal training:
- ABCD Training
- Dignity Serves Training
- Theology of Development Training
- Results-based management training (log frame planning)
- Community Connector Training

What You Get

- Enter a neighborhood story right now! Discover what's there; Support residents in developing and shaping their dreams for their neighborhood.
- ABCD Expertise: You will be placed with an organization that has been living out ABCD principles and practices for several years. Your supervisor will be an expert. These are among the best in the nation!
- Your lens on poverty will change; From needs-based language and practices you will find yourself applying gift-based approaches to individual and community development. It is a world view kind of shift in thinking and approach to social change.
- Charity will mean something entirely different to you. Dignified interdependence will become a framework for you.
- This opportunity will connect you to a whole professional community of ABCD practitioners and prepare you as a great Community Connector for a career as an agent of social change.

3D Mission Year interns will leave as certified Community Connectors.

The Site Match

What a site needs
+
What you offer

is the perfect match we are going to seek for this year of service.

Sites are all Asset Based Community Development practicing communities with part or full time staff who can and will provide day to day internship supervision.

The program duration is 10-12 months
(must complete 44 weeks)

The program cost is \$4500
